ENCLOSURES (NO. & TYPE)

REMARKS

25X1X

1. Prior to 27 February 1951, the troops in the Panzer Kaserne in Luebben (N 52/A 20) were engaged primarily in the training of tank drivers. Daily firing practice with tanks was observed in the training area at Treppendorf and Kleinlubolz.
2. A craftsman said that the Landesanstalt (insane asylum) was occupied by 400 to 500 troops who were engaged primarily in training with mortars and, occasionally, with rail-type rocket launchers.
3. Three or four rail-type rocket launchers and 30 to 45 trucks were parked in the cantonment at the freight station. The trucks seemed to have practically new tires. *
